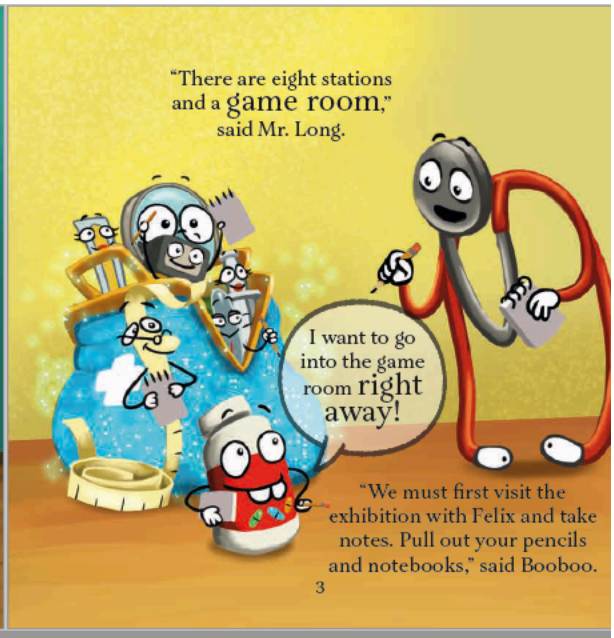
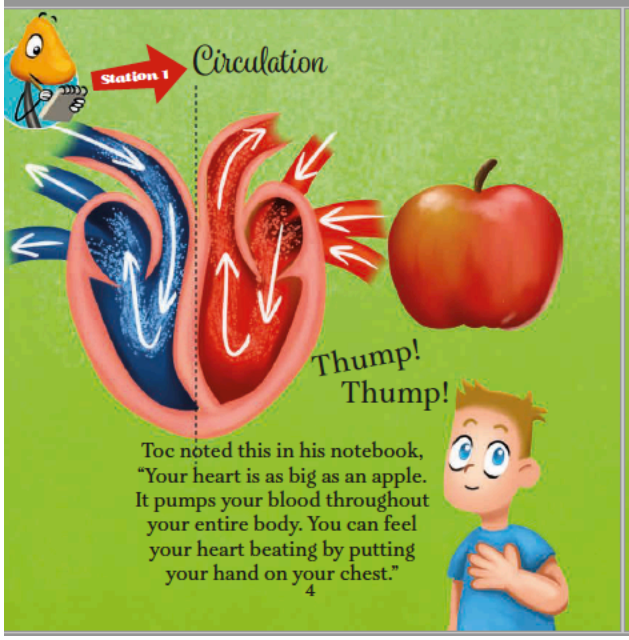
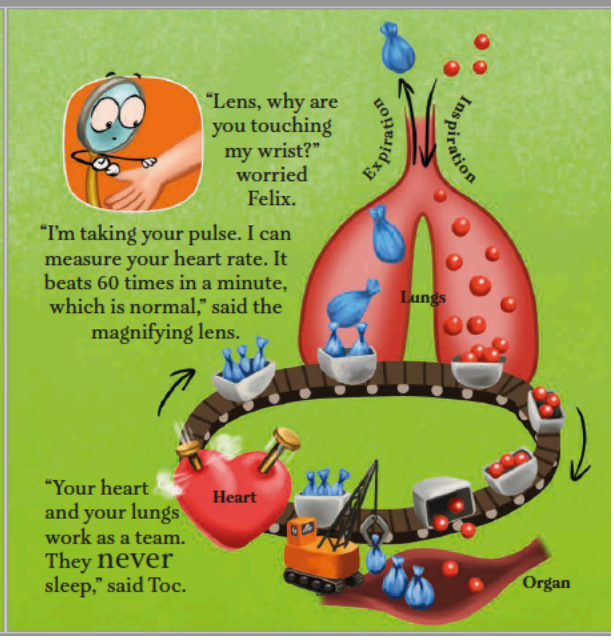
Toc and Mr. Long asked their friend Felix to play with them. "Not now. I have to go to the human body museum to prepare for an exam. I'm afraid I will not be able to answer all the questions."
"Take us with you. The human body is our specialty. We can surely help you," suggested Mr. Long.
2



"There are eight stations and a game room," said Mr. Long.
I want to go into the game room right away!
"We must first visit the exhibition with Felix and take notes. Pull out your pencils and notebooks," said Booboo.
3



Station 1
Circulation
Thump!
Thump!
Toc noted this in his notebook, "Your heart is as big as an apple. It pumps your blood throughout your entire body. You can feel your heart beating by putting your hand on your chest."
4



"Lens, why are you touching my wrist?" worried Felix.
"I'm taking your pulse. I can measure your heart rate. It beats 60 times in a minute, which is normal," said the magnifying lens.
Expiration
Inspiration
Lungs
Heart
Organ
"Your heart and your lungs work as a team. They never sleep," said Toc.
