# EXILES AT HOME JAMAICAN CHRONICLES

By Derek C. Sale

Dereck C. Sale

One of the most important and interesting aspects of the Jamaican experience is the fact that it is a country of exiles. The word 'exile' is a term that has been used to describe the experience of being away from one's home. In the case of Jamaica, this is a term that has been used to describe the experience of being away from one's home. The word 'exile' is a term that has been used to describe the experience of being away from one's home. In the case of Jamaica, this is a term that has been used to describe the experience of being away from one's home.

The word 'exile' is a term that has been used to describe the experience of being away from one's home.
