

Lorenzo Victory was only a child when he made the decision to live his life by caring for others. When his teacher told him, this decision would open him up to a deeper understanding of the spiritual struggles of his life.

Lorenzo was born with neurofibromatosis, an illness that caused his nervous and skeletal cells over his body. As a child, this illness and its physical symptoms caused him difficulties with both academics and other children. It became his greatest obstacle early in life, following him into adulthood and eventually putting his life in jeopardy in the form of a brain tumor.

Even so, it didn't hold him back. In *Anything Is Possible*, Lorenzo shares his inspiring story of success despite adversity in order to encourage others facing their own challenges. He also provides many original and inspirational positive quotes, designed to offer encouragement and motivation to anyone facing obstacles. Regardless of your circumstances, Lorenzo believes you can accomplish anything you believe you can. With confidence and motivation, anything is possible.

Lorenzo Victory grew into a family of four, attended high school and college in Syracuse, New York. He was a banker for many years prior, ending in August of 2012 as an assistant vice president at Keybank NA. He currently lives in central New York, near Syracuse.
