

An American agency is sworn daily with the circulation of coin, and also  
brings to all our eyes that the currency that is most profits, yet inevitably  
underappreciated, the penny.

"I absolutely love this book. I could not put it down until I read where the  
penny would lead me and know which fascinating and interesting people  
I was going to meet. As the story unfolds, it becomes clear that this is more  
than an adventure of a humble penny; we're shown that "Significance" is  
found in making an impact and difference in the lives of those around us."

"A Penny's Thoughts helps us discover the magical and divine power of life  
through the perspective of our penny as it passes through the hands of many  
people on rarely-different personal journeys. Its timely message is clear: if  
a penny can find out the true meaning of life, despite the hardships, we  
can too. A book for any age. A Penny's Thoughts is sure to take you on an  
unexpected journey of your very own."

-Jim Larkin, author of *Thompson's Holy*

"A Penny's Thoughts is beyond creative, well-written and inspiring from  
the moment you start reading. The idea that a penny, as any object for that  
matter, could tell us everything about our lives from its thoughts providing, I  
hope feeling myself asking, "What would a penny say about my life?" What  
would my life be? Very creative and thought-provoking. A penny's life  
and our own is well. I highly recommend this investment of time!"

-Dan O'Leary, former State Chess and NCL, *Aspirin*
