

Kyle Alexander, aka the superhero-named Cockroach, is scared and frustrated because his magic ring isn't working. Sure, he can fly, but he isn't amazingly strong like the superheroes, Captain Nightmare. That's bad news because the school bully is after him and the Glatky Bear Gang, led by the waxy Kodak Beaverdick, is out to hurt superheroes. Kodak has already put one superhero in the hospital. Kyle and his best friend, Carlos, urgently try to uncover the ring's secrets. As they do, they come to fear that the ring will harm Kyle if he's not worthy of its power. Kyle is positive he's not worthy. But if he hesitates, superheroes will die.
