The book could be unique because it could be a guide for the overall people with practical consideration in how they could deal with each other. It concern in practical methods and procedures that could be followed, to make life more easy. It could cover the most important areas in social and culture relationships.

The overall people could gain benefit from reading this book and from following what has this book proposed. People could have sufficient life ethics in the way they could deal with each others, and in dealing with different kind of different situations.

I have decided to write this book because of the need to understand the formal and essential ways in dealing with each others. The experiences that I have had from the way I have lived my life, and from different problems could be helpful for readers to understand how to deal with others and how to develop their selves.
