

"Hello, Felix! It's Lea! I have a stomachache, I'm throwing up, and I have diarrhea. Can you come over with Booboo and your magical doctor's bag?"

"I am on my way," replied Felix.

Felix ran to find his magical stethoscope, "Booboo! Lea is sick." Pill jumped out of the bag. "I will make my magic potion!" he exclaimed.

Wait, Pill. Let's go and see Lea first.

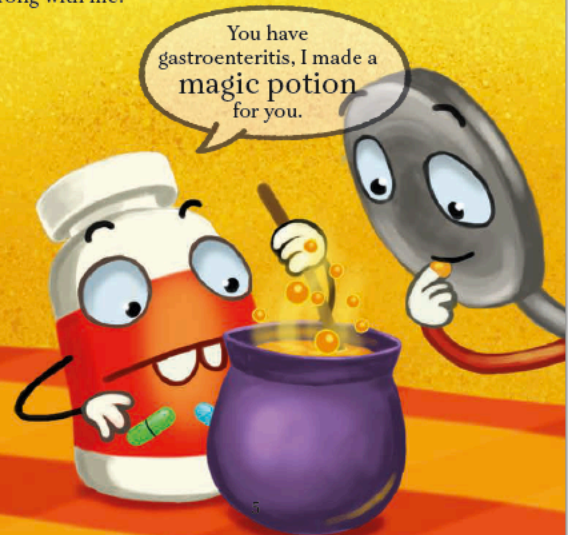

3

When Felix and Booboo arrived at Lea's home, she felt relieved.

Lea asked Pill, "What is wrong with me?"

You have gastroenteritis, I made a magic potion for you.
