

The Thirsty Crow

The crow looked around and saw some pebbles lying around. This gave her a clever idea.

She flew to a pebble,
picked it up with her
beak, flew back to the
pot and gently dropped
it in.

Then she picked another
pebble and dropped it into
the pot again.

Message of the story:

*"A resourceful person can meet
life's challenges with
imaginative solutions."*

The Crow
And
The Fox

A hungry crow flew
around the village
searching for food.

She saw a grandmother
sitting under a shady tree
making savory doughnuts
called "vadais".

A fox passing by saw the crow on the tree, with a vadai in its beak and his mouth began to water.
