

Don't Wanna Think

Don't wanna think of how I need a man who truly wants my love
Don't wanna think of if there's really a God somewhere above
Don't wanna think of how I'm drinking coffee wishing it was beer
Don't wanna keep sitting here thinking of the things in life I fear

Don't wanna think, don't wanna think
Don't wanna think of anything at all
Don't wanna think, don't wanna think
Don't wanna think of anything at all

Don't wanna think of all the things I do that I know are wrong
Don't wanna think of how many times the nights are lonely and long
Don't wanna think that tomorrow is gonna be anything like today
Don't wanna keep sitting here thinking this life is the only way

Don't wanna think, don't wanna think
Don't wanna think of anything at all
Don't wanna think, don't wanna think
Don't wanna think of anything at all

Afraid To Love You

I'm hard as a mountain
I learned to be this way
So don't cry, don't plead with me,
I don't want you to stay
Why in the world should I ever fall in love with you?
I can't see one good thing it could possibly ever do.

Well, we'd live together,
Learn to hate each other,
I'm sure of that
While you spend nights drinking,
I'd sit home getting fat
Don't you see?
You can't make me happy for the rest of my life?
What has any woman gained
By becoming a man's wife?

I'm never going to be chained to anything
I'm never going to wear a wedding ring
Take a good look at my past
Understand it'd never last

Well, I hate snow,
And I hate the rain
I don't want to go through all that pain
Someday you'll walk away
And say we're through
Get out of my life!

I'm afraid to love you

Everything Looks Different in the Morning

Last night it was beer after beer
You were the life of the party, boys all flocked around
And the drunker you got, the cuter they looked
But in the morning, the truth you found.

Everything looks different in the morning
You awake with a different feeling
Everything looks different in the morning
Your lover is no longer appealing

Everyone liked the music and danced to it
There were a dozen willing bodies at your command
You had everything you ever dreamed of
But in the morning you began to understand

Everything looks different in the morning
You awake with a different feeling
Everything looks different in the morning
Your lover is no longer appealing
