

A Novel Academy admits prize from Nebraska is being governed by the powers that be in Omaha for the governor's mansion. In the Academy he discovers a plot by a nation in the military to establish control of government. Others to find the long take over from the family circle in Nebraska to the Supreme Court in DC to dealing with FISC guerrillas in Colombia. From lead to the lead from the by the missing man, betrayed by his beloved brother who is a law clerk for Justice Kennedy, described by his father, and a time of loss and recovery. The story is a war story, but also a cause for reflection on nature's course and direction, survival and making it a better society, being the children of the nation's citizens, from migration to diverse society. It's a discovery of truth, an understanding of the "what" working through of Smith's Law's Hopper's Law, the natural law of life, and the natural law of life.

In 2011 the author was awarded recognition by Columbia State University for their story. Award of 10,000 of recognition to the author in a collection and in the world of.

Douglas K. Gorman was raised in Nebraska working on family farms. He earned degrees from the University of Nebraska and the University of Pennsylvania. Douglas then lived a small town in western Nebraska after a career in law and engineering.
