

Pages of My Diary

From the darkest of days
That lead to affliction,
To a new awakening,
Seeing the world's expectations,
Discovering that love
Can be a double-edged sword,
Or finding that no matter the problem,
You can rely on the Lord.

It's all right made,
The ups and the downs,
From when I lost myself,
To where I was found.
Your story may be different,
But if you've struggled just like me,
I hope you find some strength
In the pages of my diary.
